

CALLING CARDS

Cut out the bingo cards, calling cards and chips along the dotted lines. Give each player a bingo card and 16 chips. Shuffle the calling cards and place face-down. Draw one calling card at a time and read the name on the card. If you have a match on your bingo card, put a chip on that square. The first player to cover four squares in a row (vertical, horizontal, or diagonal) yells "BINGO!"
