

# MARIO-THEMED NAILS

Kids, please ask a grown-up for help!

## SUPPLIES

- Nail Polish: Red, White, Blue, Black and Yellow
- Base Coat
- Top Coat
- Detail Brush
- Dotting Tool (or Toothpick)
- Rhinestones or Gems (optional)

## DIRECTIONS

1. Start off with a base coat on every nail.
2. Then polish each nail with two coats of red.
3. To start the Mario M on the thumb, use white polish and the detail brush. Make an X and then fill it in to help you create the perfect circle.
5. On the ring finger, use the blue polish and a detail brush to outline Mario's overalls. Then fill in the bottom of the overalls with the bigger nail brush.
7. Move on to the pointer finger to create Mario's mustache using black polish.
8. Now go back to the thumb to create the Mario M using red polish and fine detail brush.
9. Go back to the blue overalls, use a dotting tool and yellow polish to create Mario's buttons.
10. Finally add rhinestones or gems to the middle and pinky fingers for some extra sparkle.
11. Lastly, apply the top coat and you have your perfect Mario-themed manicure.
