

Mario Kart Egg Holders

You can create miniature karts with a few eggs and these printable items!

Materials needed:
• Sturdy paper, such as cardstock • Tape or glue • Scissors* • Eggs* (plastic or hard boiled)

*Kids, ask a grown-up to help with scissors and eggs.

STEP 1

Print out these sheets. On the first page, cut out the karts and decals along the dotted lines. Fold the side of a kart together, then wrap around an egg. Don't forget to decorate your eggs first!

STEP 2

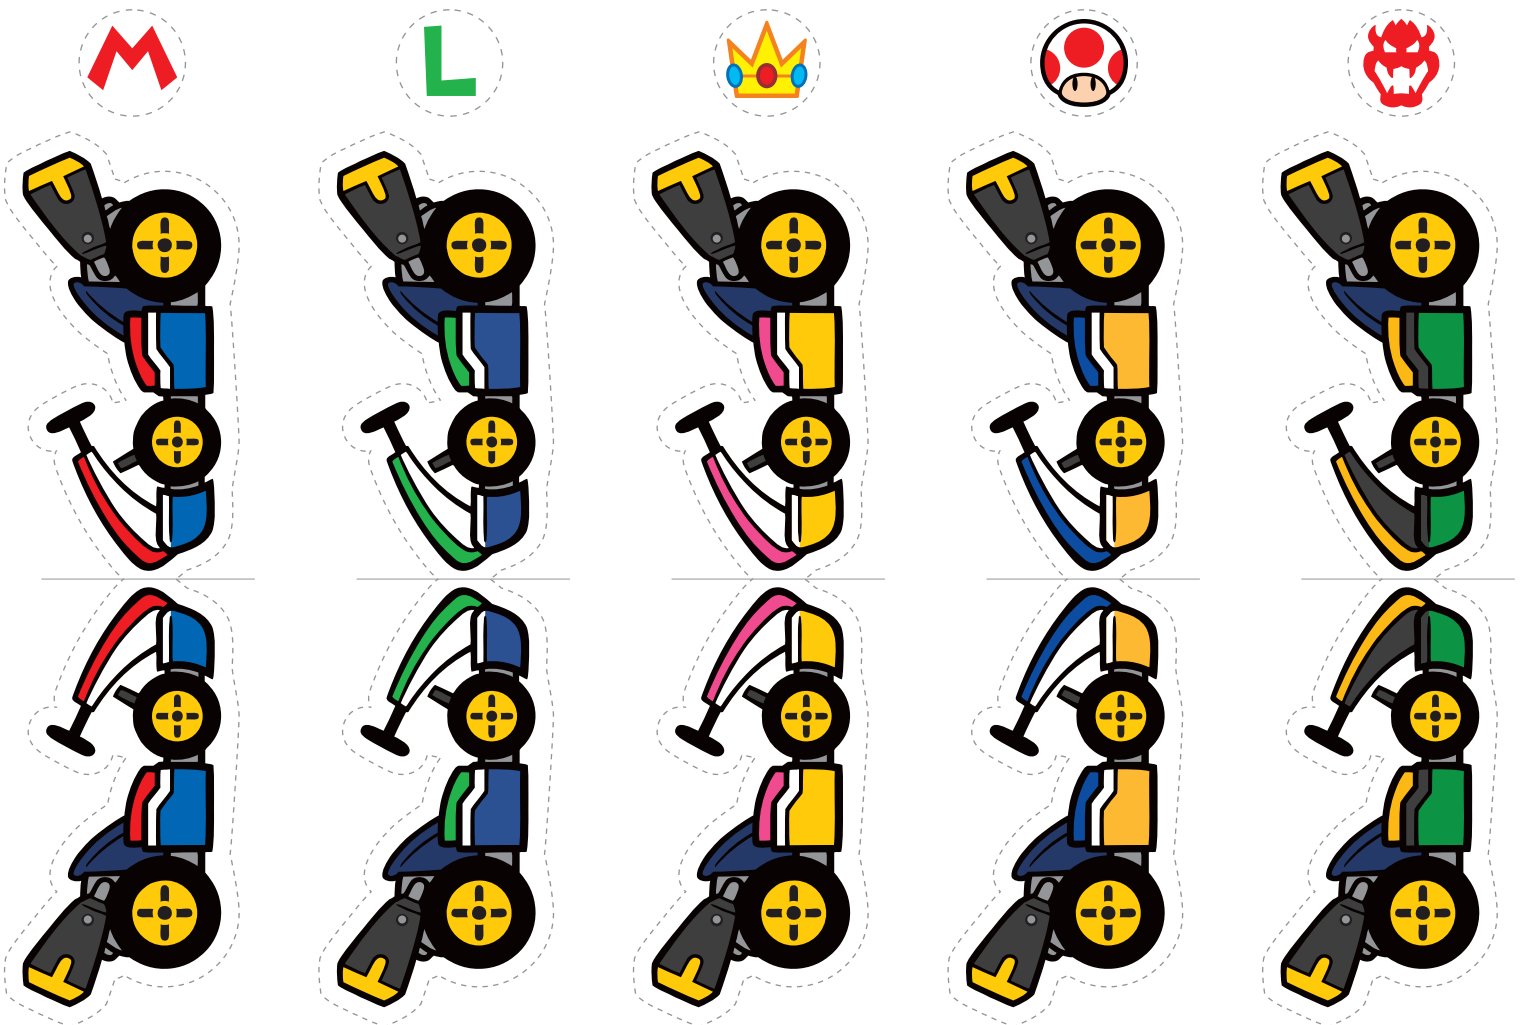

Fold the second page in half along the fold line, then cut out the finish line along the dotted lines. Fold down the tabs at the base, then tape or glue both sides together.

STEP 3

Fold the orange cones along the fold line, then cut out along the dotted lines. Each cone has two sides, so be sure not to cut them apart! Fold down the tabs, then tape or glue them to the orange squares.

STEP 4

Fold the items (Banana, Spiny Shell, and Item Box) along the fold lines, then cut out along the dotted lines. Set up a display for your eggs - I mean, karts!

Fold Line
