

Background piece

## How to assemble:

Kids, ask a grown-up for help!

1. Carefully cut out the **background**, **middle**, and **base** pieces.
2. Be sure to also cut the assembly slots as shown on each piece.
3. Create a loop out of the **base piece** and secure it by notching the two black slots together.
4. Next, add the **middle piece** to the base by sliding the matching red slots together.
5. Insert the **background piece** into the base using the matching green slots.
6. Place your amiibo figure in the middle and enjoy!
