Garden Markers

Materials needed

- Sturdy paper, such as cardstock
- Tape or glue
- Wood craft sticks
- Pen or marker
- Scissors*

Instructions

1. Print out the labels on sturdy paper.
2. Carefully cut out tags, then write each plant name on its own tag. To help protect against the rain, you can cover each tag with clear tape.
3. Stick each marker in the dirt in front of the correct plant, then sit back and watch your garden grow!

*Kids, ask a grown-up to help you with scissors!
