SnipperClips™

CUT IT OUT, TOGETHER!

# Snipperclips – Cut it out, together! diorama

**Instructions:** \*Kids, ask a grown-up to help you!

**STEP 1:** Fold page 1 in half along the solid line, then cut four slits along the dotted lines.

**STEP 2:** Cut out along the dotted lines the characters and items you want to use from page 2.

**STEP 3:** Tape or glue the pieces to page 1 to create a Snipperclips – Cut it out, together! scene.

**STEP 4:** If you want to prop up your diorama, cut out the easel piece along the dotted lines, fold where indicated, and tape to the back of the diorama.

**STEP 5:** You can now put your scene on display. It would make a cute greeting card, too!
