# Splatoon amiibo diorama

amiibo

How to assemble:

Kids, ask a grown-up for help!

1. Carefully cut out the **background**, **middle**, and **base pieces**.

2. Be sure to also cut the assembly slots as shown on each piece.

3. Create a loop out of the **base piece** and secure it by notching the two white slots together.

4. Next, add the **middle piece** to the base by sliding the matching purple together.

5. Insert the **background piece** into the base using the matching green slots.

6. Place your amiibo in the middle and enjoy!
