

A NINTENDO SCAVENGER HUNT ADVENTURE!

Materials needed: • Paper • Scissors* *Kids, ask a grown-up to help you!

step 1

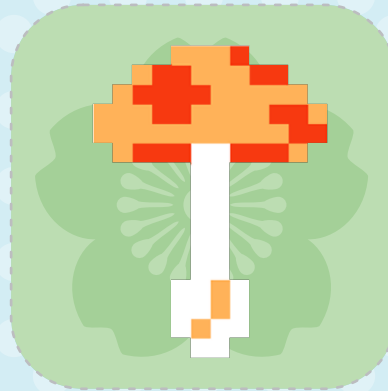

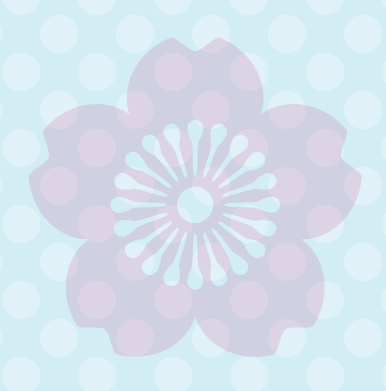

Print copies of these pages, then cut out the squares along the dotted lines. There should be one card and eight items per player.

step 2

Ask someone else to hide the items around the house for you (a grown-up is a good choice!). For a springtime egg hunt, you can put the items inside plastic eggs first.

step 3

The first player to find enough hidden items to fill in three spaces in a row on their card wins!
