### Item description:

A save file for the game "Escape from Bug Island". The middle save file is a hard mode save file after I had cleared all bonus objectives, which allows you to access the purple pendant. The save file also starts you out with the death scythe and samurai sword in your inventory. It is essentially an almost perfect hard mode save file. I would say perfect, but nothing is perfect, and since there is no strategy guide, I'll never know if it is completely cleared.
